Attached hereto is a List of References Cited by Applicant that replaces the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004. The following references are listed in the List of References Cited by Applicant attached hereto:

US 6,396,997	5/2002	Moriyama et al.
US 6,345,147	2/2002	Mimura et al.
US 2002/0067667	6/2002	Watanabe

US 2003/0012558	1/2003	Kim et al.

International Search Report and Written Opinion of the International Searching Authority issued on June 24, 2004, in International Application No. PCT/KR2004/000525 (6 pages, in English).

The International Search Report and Written Opinion of the International Searching Authority reference listed in the list of References Cited by Applicant attached hereto is not listed in the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004. However, a copy of this reference was submitted with the Information Disclosure Statement of September 30, 2004, and is in the image file wrapper of the application as the 6-page document with a Mail Room date of September 30, 2004, a document code of NPL, and a document description of NPL documents. Accordingly, it is presumed that this reference was considered by the Examiner when the Examiner considered the Information Disclosure Statement of September 30, 2004, in the Office Action of September 28, 2006.

The name of US 6,396,997 to Mimura et al. was incorrectly listed as Mimura in the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004.

The name of US 2002/0071657 to Ando et al. was incorrectly listed as Hideo et al. in the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004.

US 2003/0012558 to Kim et al. was incorrectly listed as US 2003/0014558 to Kim et al. in the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004, due to an error in the listing of this reference in the International Search Report that was submitted with the Information Disclosure Statement of September 30, 2004, and is in the image file wrapper of the application as discussed above. However, US 2003/0012558 to Kim et al. is listed correctly as US 2003/0012558 in the Written Opinion of the International Searching Authority that was submitted with the Information Disclosure Statement of September 30, 2004, and is in the image file wrapper of the application as discussed above. Furthermore, US 2003/0012558 to Kim et al. was cited in the Information Disclosure Statement of August 22, 2007, that was considered by the Examiner in the Office Action of September 21, 2007. Thus, US 2003/0012558 to Kim et al. has been considered by the Examiner.

Accordingly, it is respectfully requested that the Examiner issue an Office Communication providing (1) a copy of the List of References Cited by Applicant attached hereto marked by the Examiner to indicate that the cited references have been considered, and (2) a copy of the List of References Cited by Applicant included in the Information Disclosure Statement of September 30, 2004, with lines drawn through the listings of the cited references to prevent errors and

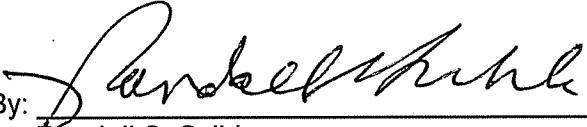

duplications in printing the "References Cited" section of the patent that is to issue from the application.

Respectfully submitted,

STEIN MCEWEN, LLP
